A BLOODY CONFLICT

Reported to Be In Progress In the City of Tien Tsin.

FOREIGN TROOPS ARE KILLED.

British Parliament Officially Informed About the Matter.

MORE AMERICAN ARMS MAY BE SENT

News of a Most Startling Nature Received From the Disturbed Districts of the Celestial Empire—All Great Powers Watching the Events Very Closely.

Chefoo, June 22.—It is officially reported that the bombardment of Tien Tsin with large guns continues incessantly. The foreign concessions have nearly all been burned and the American consulate has been razed to the ground. The Russians are occupying the railroad stations, but are hard pressed. Reinforcements are urgently needed. The casualties are heavy. The railroad is opened from Tong Tu to Ching Ling Chung, half way to Taku.

London, June 22.—Lord Salisbury presided at a meeting of the cabinet specially summoned to consider the far eastern crisis. Prior to the meeting the French ambassador, M. Paul Cambon and the Chinese minister, Sir Chih Ken Lo Feng Luh, paid a lengthy visit to the officials of the foreign office and it is expected important developments will be the outcome of the cabinet conference as Lord Salisbury proceeded to Windsor after the meeting.

The apprehensions as to the fate of the Europeans cut off at Tien Tsin have been sharpened by Admiral Kempff's message which was the first definite announcement of the bombardment and destruction of the foreign concessions.

But in spite of Shanghai's grim statement that the Chinese used 40 pounders and that 1,500 foreigners were massacred, there is no reason to conclude that the foreign colony has been unable to protect itself. A Shanghai dispatch reports that Tien Tsin was bombarded for two days, that the casualties were 100, that 5,000 international troops are there and that now that the allied commanders at Taku are hastily pushing forward a relief column it is hoped the worst apprehensions will soon be dispelled.

Another Shanghai dispatch announces that all the members of the foreign community of Pei Tai Hao have arrived at Chefoo on board the Nashville, but they left all their possessions behind them.

A dispatch from Shanghai says five Chinese warships passed Woo Sung and that officers of the British armed cruiser Undaunted visited the Chinese commanding officer and received an assurance that the ships were under orders to act against any "Boxer" rising.

The superintendent of foreign telegraphs has started for Chefoo to organize a service thence to Shanghai.

It is understood the admiralty has received a dispatch from the British naval commander in Chinese waters on the subject of heavy damage done to the foreign concessions at Tien Tsin and the casualties of the international forces. This has not yet been published.

The admiralty sent orders to Portsmouth and Plymouth to hold detachments of marine artillery and infantry in instant readiness for service in China.

It is thought in some quarters that Li Hung Chang's failure to go to Peking indicates that he is aware the situation is so bad that it is impossible for him to overcome the difficulties.

ENGLISH STATESMEN.

Are Given Information About the Conflict at Tien Tsin.

London, June 22.—In the house of commons Mr. Broderick, the under secretary of state for foreign affairs, replying to a question said the foreign office had no news from Peking or Vice Admiral Seymour. He added that news by runner, June 18, from Tien Tsin, arriving at Taku, June 21, announced that several attacks had been made and repulsed.

Continuing, Mr. Broderick said that on June 17, the Chinese shelled the foreign settlement and the Chinese military college was attacked by a mixed

force of 150 Austrians, Germans and Italians. They destroyed the guns and burned the college, which contained a considerable store of ammunition and killed its defenders.

The Russians, with their four heavy field guns did excellent service. The British loss was one killed and five wounded, the Germans had one man killed, the Italians had five men wounded and the Russians had seven men killed and five wounded.

During the night of June 17, the Chinese tried to seize the bridge of boats but were repulsed with loss, including, it is reported, a Chinese general. Rear Admiral Bruce, at Taku, telegraphed the further information that at Tien Tsin June 20, fighting was proceeding and that reinforcements were required.

Mr. Broderick also said: we have further heard from Admiral Bruce dated Taku and Chefoo as follows:

"I am hoping Tien Tsin may be relieved tonight. No news from the commander-in-chief.

"The Terrible landed this morning 352 officers and men of the Fusiliers."

In conclusion, Mr. Broderick announced that he believed various other troops would arrive in a day or two if they had not already landed and that arrangements had been made by the government to supplement very considerably the force already ordered to China.

May Send More American Troops.

Washington, June 22.—The only news from China laid before the cabinet meeting was a telegram to the secretary of the navy, giving the movement of vessels in Chinese waters. The text of the message, however, was not made public. That the president and the members of the cabinet regard the situation in China as extremely critical is shown by the fact that the preliminary preparations are being made to send forward additional troops in case of need. A telegram will be sent to General MacArthur at Manila asking him how large a force he can spare should it become necessary to send them to China. Instruction may be sent to have transports and troops in readiness in case of orders to sail.

A Startling Message.

New York, June 22.—Dr. Leonard, secretary of the Methodist Foreign Missionary society, received the following cablegram from Chefoo: "Tien Tsin bombarded. Peking very serious. Hopkins, Brown and King saved. Gunboat, Brown." The three men mentioned are missionaries. Dr. Leonard infers from the fact that only those who were saved are cabled, the remaining 24 missionaries in Tien Tsin have been murdered by the "Boxers." Among them are many women, including five in the Women's Foreign Missionary society and members of the Haynor, Pike and Hopkins and Brown families.

Views of General Miles.

Cleveland, June 22.—General Nelson A. Miles, who came here to witness a test of the recently invented ordinance, in an interview regarding the Chinese question is quoted as saying: "Our government will be prompt to act in that matter as soon as the true situation is learned. This country will be equal to the emergency and when decisive action is taken it will be of such a character as to be effective. The trouble in China is most serious and the result is most difficult to predict. What is likely to result from the uprising is certainly a very serious proposition."

Mid-China Stations Quiet.

Nashville, Tenn., June 22.—The Board of Missions of the Presbyterian church received a dispatch from Frank Price, dated Kasheng, China, June 21, stating that the mid-China stations, were quiet. The mid-China stations are Hang-Chow, Kasheng, Kingyin, Sing Chang and Soochow, situated south of the Yang Tse Kiang river, and for most part in the Grand canal.

Captain Lettes Not Killed.

Wesel, Prussia, June 22.—The relatives of Captain Lettes, commander of the German gunboat Ilia reported in the United States to have succumbed to wounds received during the bombardment of the Taku forts, announce that they had a dispatch dated Chefoo, Thursday, June 21, saying the captain was in good health.

Hold a Conference.

Philadelphia, June 22.—National Chairman Hanna held a conference with Joseph H. Manley of Maine, Henry C. Payne of Wisconsin, Senator Scott of West Virginia, National Committeeman Richard C. Kerens of Missouri, General Grosvenor of Ohio and several other members of the national committee. While unofficial the meeting was said to be for a general settling up of the accounts of the committee and other matters that required attention before the committee finally adjourned.

EXTRA MEN REDUCED.

Posse Comitatus at St. Louis Cut Down to Five Hundred Men.

STRIKE RIOTS SEEM TO BE ENDED.

As a Precautionary Measure the Police Commissioners Have Ordered a Special Force For Fourth of July.

St. Louis, June 22.—The strike situation has quieted down, cars are running on all divisions of the Transit company's system and to all appearances, aside from the light traffic, the only indication that a strike exists is the presence of armed men, members of the posse comitatus, one guard around the power houses and car sheds of the Transit company, the police barracks have been deserted and the police are no longer held in reserve to answer riot calls. During the past 48 hours, there have been no assaults and no attempts to blow up cars.

Sheriff Pohlman received a communication from the board of police commissioners of which the following is a part: "At a meeting of the board we have decided to order the parole of all the posse excepting 500 men, which number we require may be kept under arms until further orders from this board. We further require that you make such arrangements as you deem advisable to have ready for active service on the Fourth of July at least 1,000 men as the discharge of firearms and fireworks upon that day is liable to occasion and encourage acts of lawlessness and violence."

Ora Havill, son of Captain Frank W. Havill of the supreme court for the southern district of Illinois, an employee of the St. Louis Transit company, who was arrested in the company of Clarence M. Smith, with dynamite percussion caps and fuse in his pockets, was questioned by Chief of Police Campbell on the suspicion that he had information concerning the dynamiters who have been wrecking Transit company cars. Chief Campbell said he had secured a statement from Smith and that both men would be held.

Message From Roberts.

London, June 22.—The dispatch from Lord Roberts in full is as follows: "Ian Hamilton's column reached the Springs yesterday en route to Heidelberg, where they will join hands with Buller's troops, who reached Paardekop yesterday and will be at Standerton tomorrow, thus opening up communication between Pretoria and Natal and preventing any joint action between the Transvaalers and the people of the Orange River colony. Baden Powell reported from Rustenburg that he found the leading Boers very pacific and cordial on his return journey hence. Commandant Steyn and two actively hostile field cornets had been captured during his absence. Lord Edward Cecil, the administrator of the Rustenburg district has to date collected 3,000 rifles. The commissioner at Kroonstad reports that 31 rifles have been handed in at Wolmaranstad."

News About Transports.

Washington, June 22.—Quartermaster General Ludington has received a cable message from Colonel Miller, quartermaster at Manila saying that the transport Hancock, which had been unavoidably detained by continuance of storm, had sailed on the 19th instant for San Francisco. No mention was made of the transport Logan, but it is supposed that she will be ready to start for Taku on the 24th instant with the Ninth infantry as previously predicted by General MacArthur. It is understood here that the movement of the regiment to Manila from Tarlac, Concepcion and other stations on Manila and Dagupan railway has been delayed by the prevalence of severe storms in the interior.

Will be Seized.

Washington, June 22.—Assistant Secretary Spalding in speaking of the report that the British steamer Alpha had landed a cargo and passengers at Cape Nome on May 25, in violation of law and had since escaped capture by the United States steamer Albatross, said that he had telegraphed for a report of the doings of the Alpha and if it developed that she had landed a cargo and passengers at Nome as reported, she would be seized at once on her reappearance in American waters.

GOVERNOR ROOSEVELT.

Visits the Sick Chamber of Senator Platt at New York.

New York, June 22.—Governor Roosevelt left this city for Oyster Bay. After sleeping at the Union League club he went with General Francis V. Greene, to the Fifth Avenue hotel, meeting Chairman B. B. Odell and the trio made a call on Senator Platt. There was nothing more than an exchange of courtesies between the senator and the vice presidential nominee. Platt is better.

Governor Roosevelt announced that he will stay at Oyster Bay until June 29, when he will go to Oklahoma to attend the Rough Riders' convention. It was intended that he should address the local ratification meeting at Carnegie hall on June 26, but his nomination for the vice presidency has made that impossible. No one has yet been selected to take his place on the speakers' platform.

Roosevelt's Message.

Washington, June 22.—The following is the text of Governor Roosevelt's message to President McKinley: "Hon. William McKinley, Washington, D. C.: I appreciate deeply your congratulations and am proud to be associated with you on the ticket."

Muncie, Ind., June 22.—Ross H. Cowan, president of the Neely Printing company, in discussing the report that he will likely be taken to Cuba to explain about the shipment of printed matter from his office to Neely in Cuba under the assumed firm name of Cowan & Company, instead of the name of the Neely Printing Company, declined to give any reason for making the shipments in that manner. He stated that extradition papers will not be necessary to get him to Cuba.

Will Investigate Books.

Des Moines, Ia., June 22.—The Music Teachers' National association convention closed. Richmond, Va., is the only candidate for next year's convention, but the meeting place was left undecided. LICKED UP BY FLAMES.

One of Prominent Business Centers of Pittsburgh In Ruins.

STARTED IN EICHBAUM BUILDING.

The Fire Spread So Rapidly That a Number of People Narrowly Escaped and Students Were Panically Stricken.

Pittsburgh, June 22.—Fire broke out in the 5-story Eichbaum building about 1:30 p. m. and 15 minutes later had spread to Duff's college building, Platt's restaurant, the Exchange National bank, A. M. Murdock, florist and the Hussey building. The flames burned fiercely and the occupants of the buildings were forced to fly for their lives. Several persons are reported to have been caught in the Duff building and it is feared were burned to death.

At 1:50 p. m. the flames crossed the street and in a few minutes the handsome iron structure of the First National bank on the corner of Fifth avenue and Wood street was in flames. Only the roof of the First National bank building was on fire and the flames were quickly extinguished. The fire is in the heart of the city and the buildings burned are all fine structures. The entire fire department was called out and the firemen are working heroically to stay the flames.

The First National bank building is next door to the Western Union main office.

The fire started in the rear of Eichbaum building facing Diamond street. The building was being remodeled for a telephone office at an expense of many thousand dollars. As soon as the alarm was given, the money and values in the Exchange bank were placed in the vaults for safety.

At 2:25 p. m. the fire was apparently under control, after gutting the Eichbaum and Duff buildings. When the fire was discovered 50 students were on the fifth floor of Duff's college. A panic ensued, but beyond a few bruises and contusions all reached the street in safety.

FINAL DIVIDEND.

To Be Paid to the Creditors of the Defunct Fidelity Bank.

Cincinnati, June 22.—It is announced that on June 26 to 29, J. Frank Aldrich, receiver of the Fidelity National bank will pay a final dividend of 14 per cent. to the creditors of that ill-fated institution. Its failure, precipitated by the wheat speculation in Chicago of its president, E. L. Harper, followed by his conviction in the United States courts, his incarceration in the Ohio penitentiary for a number of years, made the matter one of wide interest. Mr. Harper since his release has courageously entered the battle of life and is said to be gradually prospering in the east.

To Cut Off Bucket Shops.

Chicago, June 22.—By order of Judge Tuley, the Western Union Telegraph company has been ousted from its position as collector of the daily market quotations on the floor of the Board of Trade and that body commenced to collect its own quotations and transmit them to the telegraph companies. The right to collect the quotations has been regarded by the Board of Trade as an important step in the contest over the cutting off of the ticker service from bucket shops. No change, however, will be made in the manner of distributing the quotations until the matter has been finally passed upon by the courts.

Altered the Play.

London, June 22.—W. S. Gilbert, the celebrated dramatist applied in the chancery court for an injunction to restrain Jennette Steer, the "American actress from continuing the production at the Comedy theatre of his play "Pygmalion and Gelato" on the ground that she had materially altered the business as arranged by him and as it had been played under his direction by other actresses. TAYLOR has trailed the Republican banner in the dust in his run to Indiana, and his politeness grinds the Republicans as much as their discomfiture at Frankfort, almost.

KENTUCKY Republicans appeared at the National convention in Philadelphia this week with yellow as their color. They could not have adopted a more appropriate color. No gang ever had a more yellow streak than that shown by Taylor and his gang.

REPUBLICANS denounced trusts in their National platform, but they had hardly adopted it before they had placed the only man who has the gall to defend the robber combines at the head of their National Committee. Boss Hanna will see that the trusts are not interfered with in their work of robbery.

COL. YERKES and other Kentucky Republicans who talked so much about "civil liberty" and honest elections while at Philadelphia this week, forgot or ignored the fact that they were in a city where, according to John Wanamaker, the most outrageous election frauds have been committed for years by Republicans.

THE Enquirer says Senator Wolcott uttered what he must have known to be a rank departure from the truth when he said that the trouble in the Philippines would have been over long ago had it not been for the sympathy of the Democrats of the United States for the rebels. The BULLETIN said Wolcott lied when he made that statement, and that word fits it better than "a rank departure from the truth."

THE local correspondent of the Cincinnati Times-Star has again been drawing heavily on his imagination. On Wednesday he had pretty nearly all the horses in Maysville dying or sick with the "pink eye," and the omnibus mail service practically knocked out by this disease. The Tollesboro bus owner had a horse to die two weeks ago with colic, and some of Mr. Weedon's horses are sick, but that's about the extent of the trouble, as far as the mail service is concerned.

THE Republicans at their National convention resolutely and talked about the wonderful prosperity the McKinley administration has brought the country, but they overlooked or ignored the fact that May failures exceeded those of any other May since records have been kept; and of eight months covered by these records only six have shown larger liabilities. The failures for May, 1900, were 947,336 in excess of those in May, 1899. The liabilities in May, 1900, were \$23,771,151,—\$19,950,465 in excess of those of May last year. Yet Hanna and his heelers say things are just lovely. The trusts and combines are of course enjoying great prosperity.

THE New York Press is a Republican journal but it doesn't take a very roseate view of the prospects in that State. Here is what it says:

Senator Aldrich of Rhode Island and Senator Lodge of Massachusetts flit gayly through New York and while on their way angrily give out that New York will give 100,000 plurality for McKinley. A lot they know about it! Have they followed the loss of a dozen congressional districts in the lower part of New York in the last two years? Have they seen our Assembly and Senate districts flopping to the Democratic party one after the other? Did they observe the desperately close fight of Theodore Roosevelt to carry this State when he had a considerable Democratic and Independent support?

"Teddy" will not likely have any Democratic support as McKinley's running mate, and the approaching fight in the Empire State will be even more desperately close, with the chances in favor of Bryan and the people winning a glorious victory.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

TWO FRAUDS,

One a Civil and the Other a Military, Nominated by Republicans.

General Beatty, a Prominent Ohio Republican, Rips Up His Party's Ticket and Platform.

COLUMBUS, OHIO, June 21.—General John A. Beatty, prominent Republican, as well as a most successful banker, today made a very forcible expression of his opinion of the Republican National platform and nominees.

"What do I think of the platform?" he said. "I think that it is made up of a lot of bald assumption, a sprinkling of hypocrisy and a good many falsehoods. I hope that the ticket will be defeated. I will not vote the ticket. McKinley is a civil fraud and Roosevelt is a military fraud, and the ticket deserves to be beaten. I don't know that I shall vote for the other fellow, for it does not strike me that I am compelled to choose even the lesser of two evils, but I must in fairness say that my opinion of Bryan grows more and more favorable. He is beyond doubt sincere and he is certainly near the people. On the other hand McKinley is the rich men's man, not a people's man."

Hanna was the ruler—the high cockalorum—of the convention. Now in fact Hanna is an illiterate ass, a political blunderer.

"He simply gets what he buys—rather what the manufacturers buy for him. They furnish the money and he spends it. The Philadelphia convention is almost wholly a convention of officeholders and office-seekers—all willing to get down on their knees for place. They are simply looking to office and its emoluments, not to the interests of the people."

"What is your opinion of the platform declaration as to the foreign achievements and policy of the administration?" was asked.

"It is a lie. If we had an Englishman in John Hay's place he could not and would not have played more into the hands of England. I believe that his son was sent to Pretoria to act as a spy in England's behalf and that Macrum lost his position because he would not serve as a spy. He is too decent a man to serve in that capacity. The other declarations as to our foreign achievements and policy are mere buncombe and misrepresentation."

THE GERMANS AGAINST McKINLEY.

INDIANAPOLIS, June 21.—The German Telegraph, of this city, which voices the German Democracy of Indiana, has this to say of McKinley's renomination:

"The lack of strength of purpose and character of which McKinley was accused before his election in 1896, has been amply proved during the three years of his administration. He is a weakling, who has presented to the country the shameful spectacle of a President without Presidential power; a President who subjugated the interests of the people to the tender mercies of one of the smoothest and most conscienceless wire pullers the country has ever been cursed with—Boss Hanna. Hannalism has damaged McKinley's popularity to such an extent that he is to-day the weakest man of his party. McKinley is a worthy representative of the destructive policy of imperialism, the robber trusts and is a devoted slave of capital and its masters."

"* * * To beat McKinley should not be a hard matter for a well-organized Democracy. * * * There is only one breaker ahead—the 16-to-1 question in the platform of 1896. Let this point be eliminated and there will be no doubt of the glorious victory of Democracy in November next."

CARTER HARRISON'S VIEW OF THE TICKET.

NEW YORK, June 21.—Mayor Carter Harrison, of Chicago, when asked last night what he thought of the Republican platform, said he had not read it thoroughly, though he did not believe it would attract many voters to McKinley. "Bryan is sure to win any way," he said. "Platforms are not issues, and the people nowadays vote for those whom they think will best represent them. The fight this year will be largely one of personalities. Colonel Bryan's personality, his individuality, is attracting votes to him, while McKinley repels them. Throughout the West thousands of men who were against Bryan four years ago are with him now."

"In Chicago President McKinley is losing ground rapidly. There is a great deal of dissatisfaction with the administration, especially because of its attitude toward trusts and its imperialistic tendencies."

"In our city there are thousands of Germans who four years ago voted almost to a man for McKinley, but will oppose him next fall, because of the ex-

pansion ideas set forth in the platform and the actions of the administration in the far East.

"To these Germans expansion and colonialism means a great army, and a great army entails eventually a system of conscription and militarism. Conscription and militarism are just what have driven hundreds of thousands of Germans to this country, and they won't see us make the mistake if they can help it. I am informed by some of the best posted Germans in the West that the defection from Mr. McKinley will be general throughout the country."

"Another thing that has operated to exasperate the Germans is the administration's apparent fondness for a harder and fast alliance with Great Britain and its opposition to an expression of sympathy with the Boers."

"In my opinion, however, the trust problem is the most important consideration. Although the Kansas City convention will doubtless reaffirm the platform of 1896, the campaign will be fought on the two issues of trusts and imperialism, and strong planks on these subject will be introduced in the platform."

"Silver, if it is mentioned at all, outside of the reaffirmation of the Chicago platform, will occupy a secondary place, and a supreme effort will be made in the direction of bringing together all elements of the party."

REPUBLICANS are determined to keep up their rep as a bloodthirsty set. A few days ago Ex-Senator George Nell and Representative Yarberry, leaders of the Republican party in their section, became engaged in a difficulty at Columbia, Ky., over politics, the latter cutting the former over the face and head with a knife. And at the National convention this week, two delegates from Texas engaged in a knock-down argument in one of the committee rooms.

Reliable Boys Wanted.

[Exchange.]

Hetty Green, the wonderful woman millionaire, is quoted as having said that the scarcest article in the markets to-day is a thoroughly reliable young man.

That is not only true of New York and of all other great cities, but the same scarcity is noticed in the smaller towns of the country.

The young man who can be trusted to do as he is told, irrespective of his own notions, who will keep his promises and all engagements, who is as honest as the day is long, who is quick to sacrifice himself rather than those who trust him—this sort of a man is sure to gather the richest rewards of earth as day follows night.

Business men are seeking such young men as these and seldom find them. They do exist, but all of them have work.

For the purest Paris green, call at Ray's Postoffice Drugstore.

The trial of the suit of Mr. Thomas Guilfoyle against the L. and N. is still in progress in the Circuit Court.

FITZGERALD & LANGENFELS have been awarded the contract for the plumbing at the L. and N.'s new depot. Work on the depot is progressing nicely.

At 3 o'clock to-morrow afternoon Mr. H. E. Gabby will be ordained at the First Baptist Church. Several visiting brethren will be present. The public are cordially invited to attend this service.

EXPERT lockmen worked on the safe in the State Treasury for three days, trying to open it, the combination being lost in the transfer from Republican Treasurer Day to Democratic Treasurer Hager. Friday morning Frank Simmons, serving a term in the penitentiary for safeblowing in Floyd County, succeeded in opening it after thirty minutes' work. The safe contains bonds of the State to the amount of \$500,000.

YES OR NO?

Mayville People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far-away place than citizens of your own city?

We think not, for home proof can easily be investigated?

Mrs. R. Wallingford of 220 January street, says: "Doan's Kidney Pills which I got at J. Jas. Wood's drug store, corner of West Second and Market streets, proved of such great benefit to Mr. Wallingford that he did not consider it necessary to take more than one box to cure him of backache which had annoyed him for some length of time. His father also used Doan's Ointment and is enthusiastic in its praise."

[Indianapolis Sentinel.]

Gov. Mount is not going to reply to Mr. Campbell. He says "Campbell has presented his side of the question" and that is probably all he wanted. But his side of what question? Mr. Campbell's letter presents one side of the misrepresentation of facts and gross falsehood on the part of Gov. Mount in an official proceeding, and there has been no other side presented. Gov. Mount, in his letter, holds that Jack Chinn made a mobish utterance because he has "never seen it denied." On his own theory what is to be thought of these Campbell charges? They are not denied, and on their face they have every appearance of truth. They leave Mount in the most disgraceful and contemptible attitude ever occupied by a State Executive. Are we to understand that Gov. Mount admits their truth? Can he deny their truth? We do not believe he can or will.

One Organ's Note of Alarm.

[New York Press, Rep.]

First, the Republican National party can look for very little aid from the Democrats of New York this year; secondly, in any event we shall have to work and fight to carry this country, and that New York is absolutely necessary for Republican success. There is the truth. It may not be agreeable, it may, and undoubtedly does, make the professional politician rave and swear at the one who tells it. But it is the truth. Let us face it.

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.

A "Belshazzar Feast" at Philadelphia.

[Georgetown News-Democrat.]
Among the entertainments offered at the Philadelphia Republican convention was a "billion dollar" feast to Mark Hanna, McKinley's representative. Twenty-nine men who sat at that table owned combined capital to the extent of \$650,000,000, each representing some great trust profiting by Republican legislation. Senator Chandler, of New Hampshire, was very wroth over this vulgar display, going about the hotel lobbies characterizing it the "Feast of Belshazzar," and stating it could not help but react on the Republican party.

As Old as the Constitution.

[Dover News.]
Is it pure ignorance or willful and malicious misrepresentation that causes the Republican press, Governor Mount and even the staid old Harper's Weekly, to persistently tell the public that Taylor was thrown out of office by the "iniquitous" Goebel law? They know, or ought to know, that the law providing for the Legislature deciding gubernatorial contests is as old as the Constitution of the State itself.
